Local Environmental & Conservation Organizations

Sierra Club San Gorgonio Chapter (Riverside and San Bernardino Counties)

San Gorgonio Chapter has 7 Local Groups: <https://sangorgonio2.sierraclub.org/>

Not all areas in our region have local groups. Sierra Club is the oldest, largest, and most powerful of all conservation and environmental groups, founded in 1892 by John Muir. The Sierra Club has long worked on conservation, pollution, resource depletion, climate, and many other related issues. Today Sierra Club is focusing more on the Climate Crisis.
